EXPERIENCE

2020-Present Fiverr

WordPress & Shopify Developer (Freelance)

Remote

- Delivered 568+ e-commerce projects as Level 2 Seller with consistent 5-star ratings, specializing in WordPress/WooCommerce and Shopify store development for clients across 15+ countries including US, UK, Canada, and Australia.
- Built 8 interconnected websites for Singapore-based beauty and spa chain with centralized booking system, payment processing, and automated notifications - resulting in 45% increase in online appointments and \$200K+ additional annual revenue.
- Optimized 100+ underperforming e-commerce stores achieving average 71% reduction in page load times (8s to 2.4s) and 133% increase in conversion rates through strategic performance tuning, caching implementation, and UX improvements.
- Designed and integrated AI-powered chatbots for 50+ client stores, reducing customer support response time by 60% and improving engagement metrics while handling 1000+ daily customer interactions autonomously.

2022-2025 Austin Media Hub

Full-Stack Web Developer (Freelance)

Detroit, MI (Remote)

- Served as primary WordPress and Shopify developer for Detroit-based digital agency, delivering 100+ custom e-commerce websites across diverse industries over 4-year strategic partnership valued at \$250K+ total contract value.
- Engineered complex payment gateway integrations, CRM connections, and marketing automation systems for enterprise clients processing \$500K-\$2M in annual e-commerce revenue, ensuring PCI compliance and secure transaction handling.
- Executed 15+ seamless platform migrations (WooCommerce ↔ Shopify) with zero downtime, complete data preservation, and maintained SEO rankings - generating average \$80K in cost savings per migration through improved hosting efficiency.
- Maintained 100% client satisfaction rate with on-time, on-budget delivery across all agency projects ranging from \$2,000 to \$50,000 in value, establishing trusted technical partnership spanning 4 consecutive years.

2024-2026 GEM Branding Agency

CMS Specialist & Web Developer (Freelance)

Tirana, Albania (Remote)

- Collaborated with international design and marketing teams to deliver pixel-perfect WordPress and Shopify implementations for 4 enterprise client projects serving European and North American markets.
- Developed custom functionality, third-party API integrations, and complex e-commerce features ensuring brand consistency, optimal user experience, and conversion-focused implementation across all client touchpoints.
- Maintained ongoing development partnership providing technical expertise, rapid turnaround on urgent requests, and strategic consulting for agency's growing international client portfolio.

2024-Present Upwork

WordPress & Shopify Developer (Freelance)

Remote

- Achieved 100% Job Success Score with 8 completed projects, all receiving perfect 5-star ratings for technical quality, clear communication, and reliable delivery - demonstrating consistent excellence in freelance e-commerce development.
- Specialized in e-commerce store optimization, custom WooCommerce development, Shopify theme customization, and PSD/Figma to fully functional website conversions with pixel-perfect accuracy and responsive design implementation.
- Expanded client base through expertise in performance tuning, conversion rate optimization, payment integration troubleshooting, and strategic technical problem-solving delivering measurable business impact.
